

LEGER CLAD

The new LegerClad insulating panels deliver easy and ecological installations!

Insulation with an integrated Typar air barrier membrane for exterior walls

- Expanded polystyrene in compliance with the CAN/ULC-S701-01 and CCMC 12836-L norms
- Typar air barrier in compliance with 12892-R and 12884-R norms
- With its integrated Typar air barrier, the LegerClad prevents air flow while allowing humidity in walls to evaporate
- Save time and money

4'x 8' and 4'x 9'
1" (R-4,66), 1 1/2"
and 2" thicknesses

Environmentally friendly
(CFC- and HCFC-free)

Shiplapped edges
